# Eduniversal Evaluation Agency

## Advancing Education Together

### About us

With 25 years of experience in the education sector, we strongly believe that it is equally rewarding to see business schools recognized and students thriving. We evaluate, in complete transparency, institutions and programs worldwide, mirroring our values of universality and an unequivocal passion for education.

### EEA - Eduniversal Evaluation Agency for Higher Education

## 1994

Eduniversal, formerly known as “SMBG”, was founded as a French consultancy and coaching company **specializing in higher education**. The firm’s consultants aimed **to support students** in their selection of academic and professional pursuits, as well as to help them in getting into their selected programs.

## 2007

SMBG changed its name to **Eduniversal** with a vision to further develop its expertise in higher education on a **global scale**. The idea of creating a “Global Federation of Education” was born with the support of an **International Scientific Committee**, made up of 9 influential members from different geographical regions. Their commitment allowed Eduniversal to publish its **first selection of the best 1,000 Business Schools in 154 countries**. Since then, this selection is reviewed every year and the results are announced during the agency’s flagship event: **Eduniversal World Convention**. Available on [www.eduniversal-ranking.com](http://www.eduniversal-ranking.com).

## 2017

**Eduniversal Official Selection of the Best 1,000 Business Schools** worldwide celebrates its 10<sup>th</sup> anniversary. The 1,000 Best Business Schools worldwide receive their *Eduniversal Palmes of Excellence* and are celebrated during Eduniversal World Convention. A **new categorization** is introduced to the ranking system: “**Eduniversal Selected Schools**”. This selection aims to highlight promising institutions from all over the world.

## 2002

Years of industry experience have led Eduniversal to realize that there is a communication gap between students, business schools, and businesses. Building on that, we came up with the idea **to publish a ranking of the best academic programs in France**, based on program quality and achieving outcomes. French best Masters, MS and MBA ranking was published for the first time in 2002, and ever since, **millions of students** have used the rankings to find a program that matches their professional aspirations. The success of Masters’ ranking has initiated the same for Bachelor degrees, introducing **Best-Bachelors ranking**.

## 2011

Eduniversal further expands its global reach by introducing its **first international ranking of Post-Graduate programs**, listing the Best Masters and MBAs programs in 154 countries. This ranking is reviewed and enriched every year as more and more schools are added to the ranking list. Available on [www.best-masters.com](http://www.best-masters.com).

## ISC - Eduniversal International Scientific Committee

Composed of 11 members (2 Eduniversal executive members and 9 independent experts in global higher education), Eduniversal International Scientific Committee has four main missions:

- **Selection** of the Best 1,000 Business Schools in the world, and the update of the Selected Schools list.
- **Coordination** of Deans' Vote Survey, one of the three main steps in the process of annual best 1000 business schools ranking.
- **Review** of Eduniversal rankings' methodologies every year
- **Recommendations** based on current trends in the education sector.
- **Evaluation** of the current context and future prospects to ensure the continuous validity of Eduniversal ranking.

Each member of the ISC represents one of the nine geographical zones covered by Eduniversal. All are a renowned notable academics with a shared passion for education.

The ISC takes decisions unanimously. They meet twice a year.

**AFRICA**

# Eduniversal Evaluation Agency

## We Evaluate... We Rank... We Connect

### Why?

For years, the lack of information in regard to **programs**, and **employability statistics** have caused students to make uninformed decisions about their higher education choices.

Our rankings are based on solid evidence, adhere to international standards, and are subject to thorough research.

Our programs are ranked by **field of study**, **geographical zones** and **market criteria**.

Through this advisory capacity, the agency strives to:

Provide students with the necessary background information and future projections to enable them to make informed decisions about their higher education and highlight the global opportunities available to them.

Provide global and in-depth expertise to all higher education stakeholders in the attempt to actively support international exchanges between schools, encourage mobility among professors and students, and assist HR professionals in identifying the best talent.

---

## How?

---

- By following a clear three steps process for all our rankings...

- Other than ranking, Eduniversal has taken on different roles throughout the years.

## Consulting

Building on years of experience in education, Eduniversal offers various consultancy services.. Initially dedicated to a tailored support of students, these services are now only reserved to business schools and universities.

Since 1999, Eduniversal has helped institutions:

- Develop growth strategies nationally and internationally
- Deliver the absolute best branding and marketing solutions
- Create programs and new degrees in line with industry trends
- Facilitate partnerships between institutions around the globe
- Optimize student recruitment processes

### Key facts:

More than **120 programs** created and developed, for Management, Engineering, Communications, and Finance majors... Both in post graduate & post graduate trainings, part time and executive education.

# Eduniversal World Convention and Awards Ceremonies

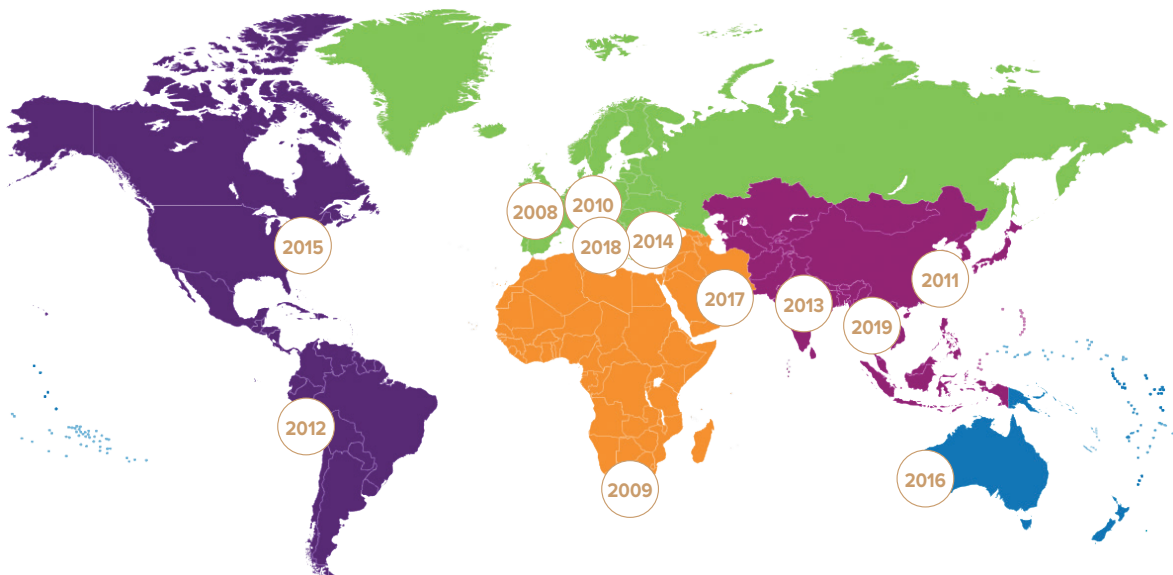

## The Eduniversal World Convention

The Convention is a signature event of Eduniversal Evaluation Agency.

Initiated in 2008 with a global scope to explore common challenges and opportunities within higher education, success is going to come from those who shift gears, not shot down. . We continue bringing together the most outstanding institutions and professionals from all around the world without any restrictions and limits.

Eduniversal was the pioneer in launching an open, global, cross- immersive platform community of Deans, Directors, and global HE leaders from the best 1,000 Business Schools in 154 countries, exploring and collaborating with and in virtual and augmented reality.

## Focus on the 3D Eduniversal World Convention 2020

The 3D Eduniversal World Convention was the result of a fruitful collaboration between Eduniversal, **Laval Virtual** (Europe/France) and its partner **VirBELA** (USA).

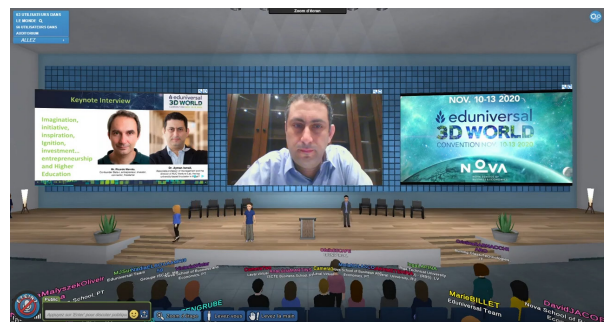

After months of investigation on all the existing platforms for remote events, our main purpose was to offer participants a very accessible solution with a unique experience, well thought interactions, great conferences with notable speakers but also significant possibilities to network as they are used to experience in the physical format.

Thus, the 13th edition of the Eduniversal World Convention has been prepared using an immersive technology platform offering participants the first virtual education event in a space customized from registration to breakout discussions, networking sessions, awards and trophies ceremonies...

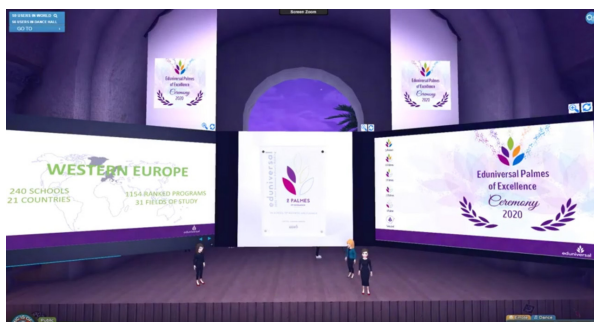

The result? Just like with a live event, attendees 'left' the conference feeling connected, energized, inspired, and educated.

### ● Opening / Plenary and Panel Sessions / Keynote Presentations / Roundtable Discussions

### ● Palmes of Excellence Trophies Ceremony

### ● Group Discussions / Workshops / Peer to Peer Meetings

## 3D Eduniversal World Convention: Highlights

More than 50 prominent speakers, coming from Business Education sector and companies through 25 countries, have shared their vision and insights on the topic “*The Soft Skills of Today are the Hard Skills of Tomorrow: Reimagining the Future of Business Education*”: <https://convention.eduniversal.com/program.php>

Participants from more than 30 nationalities made this challenge a real success by connecting in the 3D world, networking and sharing their vision moving this way the limits of what only a few months ago seemed impossible.

**Thank you all for your contribution and being part this exclusive experience!**  
**We look forward to seeing you again in 2021 at:**

## Focus: The Eduniversal Palmes of Excellence Trophies

Inside the Eduniversal Ranking of the Best 1,000 Business Schools, schools are sorted by country into one of the five *Palmes of Excellence* leagues. These five levels are defined by a set of internationalization criteria developed by the International Scientific Committee:

- Major accreditations
- Major rankings
- Memberships in associations

[www.eduniversal-ranking.com](http://www.eduniversal-ranking.com)

During the **Eduniversal Palmes of Excellence Trophies ceremony**, Eduniversal honors all ranked school. Each receives an official trophy that reflects the league under which they have been ranked.

ESCA Ecole de Management (Morocco)

Amity International Business School (India)

TalTech School of Business and Governance (Estonia)

University of Indonesia, Faculty of Economics and Business (Indonesia)

University of Toledo, College of Business and Innovation (USA)

### ● Do you think your institution is ready for a Palmes of Excellence league's revision?

Institutions that have made significant progress in terms of program development, or research and innovation can submit a request to be re-evaluated to the International Scientific Committee.

The ISC's members will assess your application based on past and present performance and will communicate their decision at the next Eduniversal World Convention. This process is entirely free of charge.

Contact us at:

[international.coordinator@eduniversal-group.com](mailto:international.coordinator@eduniversal-group.com)

# Best Business Schools Ranking

Since 2007, Eduniversal has been publishing an annual BS ranking endorsed by the ISC academic expertise. Every year, new institutions can enter the Official Selection; others can leave as well; and some can be upgraded or downgraded from their current level of *Palme of Excellence*.

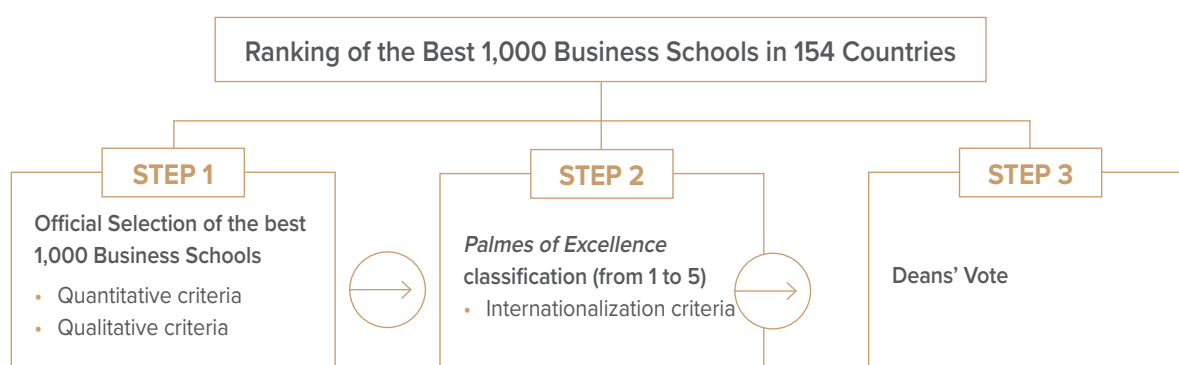

[www.eduniversal-ranking.com](http://www.eduniversal-ranking.com)

- **Next publication** – During Eduniversal World Convention

## ● What Is the Purpose/Objective?

- This methodology establishes a **Global Mapping System** that acknowledges institutions' international reputation, influence, and program quality.
- This methodology guarantees a **Fair Global Mapping** by comparing institutions horizontally; therefore, sorting them by zone and by country, instead of the commonly used vertical comparison method.
- This methodology proposes an **Accurate Global Mapping** of the best BS around the world thanks to an annual review that is inclusive of the latest industry tendencies.

## ● Which Methodology for this Best Business Schools Ranking?

## **STEP 1** The Official Selection of the Best Business Schools in 154 Countries

The first step in Eduniversal ranking is to determine which 1000 schools amongst thousands of other participating schools will be selected to be part of the annual ranking. The chosen 1000 institutions are then **grouped by country**.

Data that has been collected on each institution allows the ISC to systematically compare Business Schools based on the criteria below:

- **Quantitative criteria:** national expenditure on education per inhabitant, GDP per inhabitant, population's size, number of students in Higher Education.
- **Qualitative criteria:** number of graduates, number of academic institutions, historical importance of education, and higher education at a national level.

## **STEP 2** *Palmes of Excellence* League

In accordance with their global influence, reputation and program quality, the chosen schools are then categorized into Eduniversal *Palmes of Excellence* leagues. There are **five leagues of *Palmes of Excellence*** (see p. 10). The *Palme of Excellence* level is awarded to each school based upon a set of **internationalization criteria** developed by the International Scientific Committee:

- Accreditations
- Major Rankings of Business Schools
- Memberships in national and international academic and professional associations.

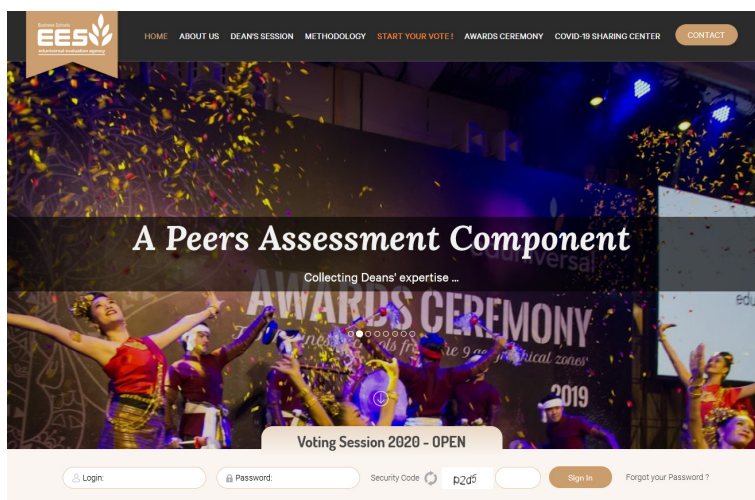

**STEP 3****Deans' Vote**

Once the *Palme of Excellence* classification has been established, **institutions featured in the Official Selection are reviewed by their peers from the 1,000 Best Business Schools** using a survey called Deans' Vote. The Deans' Vote Survey is the final metric used to determine an institution position inside its country and its *Palme of Excellence* League.

The Deans' Vote is a peers' recommendation process, annually posted on [www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com)

● **Focus: The Annual Eduniversal Deans' Vote Survey**

[www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com)

Deans' Vote is a unique addition to the ranking process. This survey's main purpose is **to add a peers' assessment component to the ranking**, capitalizing on the **expertise of Deans and Directors of the best 1,000 Business Schools** ranked by Eduniversal.

Every year, the Deans/Directors are invited to confidentially submit their recommendations on behalf of their institution on the dedicated online platform: [www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com).

We asked them:

**What Business School abroad would you recommend to a student, staff or partner?**

## Voting Process

**At the platform opening, voting Deans and Directors receive their personal login details by email to access the year voting session**

- The Dean/Director is the only person allowed to participate in the survey. An exception can be made if they make an official request to transfer their voting right to a member of their team.
- In this case, the Dean/Director should put in a request by email to the Eduniversal International Ranking Office, copying the person who will oversee the Deans' Vote survey.

**One Institution = One Vote**

**During the voting session**

- Countries are organized in alphabetical order, and your country is listed at the end, after Zimbabwe.
- All countries must be reviewed for the voting session to be validated.
- In each country, you can select up to 50% of the ranked institutions proposed.
- And if you do not have recommendation for a country, you simply must tick the option « No, I don't have recommendation for this country » and you will be automatically directed to the next country on the list.
- Please note that you cannot vote for your own institution, that is why your school will not appear in your country's proposed list.

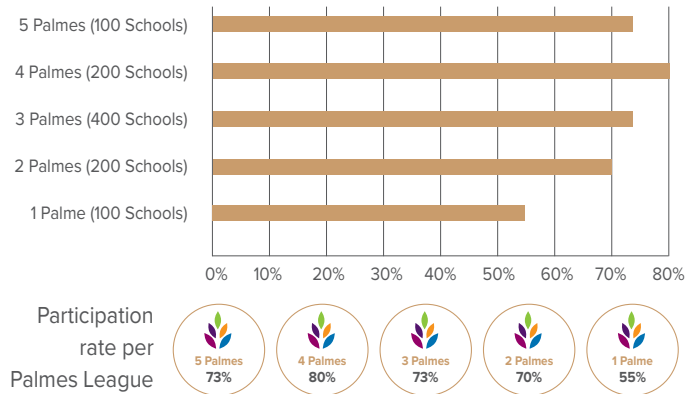

## Key Facts About the 2020 Deans' Vote Survey

### Geographical zones participation's rate

**71%** of the Deans from the 1,000 best Business Schools worldwide have participated in the Deans' Vote

## Start your voting session 2021

**1** Login to your account

**2** Make your recommendations for the Business Schools across 154 countries

**3** Submit your 2020 voting session

- You can save and continue your voting session at any time.
- Once you submit your final recommendations, your voting session is registered and cannot be modified.
- You cannot recommend more than 50% of business schools per country.
- The countries are presented in an alphabetical order from Albania to Zimbabwe.
- Your country will be the last one in the list in the voting process (after Zimbabwe).
- If you don't have any recommendations for the institutions in the particular country, please select: "No, I don't recommend any institution in this country"
- You are not allowed to vote for your own institution.
